

2017 ANNUAL SECURITY REPORT

INTRODUCTION

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Trinity College of Nursing and Health Sciences ("College") with information on: the College's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the College will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

POLICY FOR PREPARING THE ANNUAL REPORT

This report is prepared by Hilary Henke, Director of Student Services and External Relations in cooperation with local law enforcement authorities and includes information provided by them as well as by the College's campus security authorities and various other elements of the College. Each year an e-mail notification is made to all enrolled students and employees that provide the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Hilary Henke 2122 25th Avenue Rock Island, IL 61201.

The College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represents best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

GENERAL SAFETY AND SECURITY POLICIES

Policies Concerning the Law Enforcement Authority of Campus Security Personnel

The Trinity Regional Health System Security Department is responsible for campus safety at the College. Its personnel does not have arrest authority.

Their jurisdiction includes patrolling the campus, parking lots, and UnityPoint Health-Trinity Medical Centers.

While the College does not have any written agreements with local law enforcement agencies, it does maintain a close working relationship with local police.

All crimes occurring on campus, on non-campus property owned by the College or on the nearby public property should be reported immediately to the Director of Student Services and External Relations, contact is 309-779-7720.

Dialing 55 on College phones will reach the Trinity Medical Center Emergency Operator. Non-emergency concerns or information regarding campus safety and threats should be reported to the following campus security authority:

Hilary Henke, MEd, MS
Director of Student Services and External Relations
Phone: 309-779-7720

In an emergency, it is also appropriate to contact local law enforcement by calling 911. If calling from a cell phone, it is important to also give the location of the emergency.

Other Officials to Whom Crimes May Be Reported

The College also has designated other officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They, in turn, will ensure that the crimes are reported for collection as part of the College's annual report of crime statistics. The additional campus security authorities to whom the College would prefer that crimes be reported are as follows:

- Teresa Wischmann, DNP, RN/Dean of Nursing and Health Sciences at 309-779-7708
- Rose Brower, MBA/Director of Business Services at 309-779-7762
- Tracy Poelvoorde, Ph.D., RN/Chancellor at 309-779-7710

Policies on Reporting a Crime or Emergency

The College encourages accurate and prompt reporting of all criminal actions, accidents, injuries, or other emergencies occurring on campus, on other property owned by the College, or on the nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so. Such reports should be made as follows:

- Situations that pose imminent danger or while a crime is in progress should be reported to local law enforcement by calling 911 from any campus phone or cell phone. Keep in mind that the individual making the call from a cell phone will need to provide the address where the emergency has occurred.
- Students, staff, and visitors should report criminal actions, accidents, injuries, or other emergency incidents to one of the campus security authorities identified above. Once reported, the individual making the report will be encouraged to also report it to appropriate police agencies. If requested, a member of College staff will assist a student in making the report to the police.
- Anonymous incident reports can also be made.

The College does not have any officially recognized student organizations with off-campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Confidential Reporting

The College will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Any victim of a crime who does not want to pursue action within the College disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. With the victim's permission, a report of the details of the incident can be filed without revealing the victim's identity. Such a confidential report complies with the victim's wishes but still, helps the College take appropriate steps to ensure the future safety of the victim and others. With such information, the College can keep an accurate record of the number of incidents involving students, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the College.

The College encourages its pastoral counselors and other professional counselors, if and when they deem it appropriate, to inform the persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics.

Timely Warning

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Director of Student Services and External Relations constitutes a serious or continuing threat to members of the campus community, a campus-wide "timely warning" will be issued. Examples would be a rash of motor vehicle thefts or sexual assaults in the area that merit a warning because they present a continuing threat to the campus community.

This warning will be communicated to students and employees via the following method(s):

Method	Sign-Up Instructions
Posting a notification bulletin including the offense, suspect, picture if provided, and action to be taken on campus.	N/A
Activating the Panic Alarm	N/A
Posted on College website	Go to http://www.trinitycollegeqc.edu
Blackboard Emergency Alert System	Students initially enter their mobile device information into the College application portal. Upon enrollment, his/her mobile device information is automatically transferred to the emergency notification text system every evening at midnight. Each September, during a College Org Meeting, faculty and staff register for the emergency notification system. Program Coordinators, or their designee, register program students' mobile device information through a roster in class.

Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Director of Student Services and External Relations, 309-779-7720

The College has communicated with local law enforcement asking them to notify the College if it receives reports or information warranting a timely warning.

Security of and Access to Campus Facilities

During business hours, the College is open to students, parents, employees, and visitors. During non-business hours, access to the student computer lab, resource room, and student commons is by identification badge. The badge will operate a single door at the main entrance to the College and the south emergency exit. Several internal rooms requiring badge access include the quiet study room and the computer lab. As an additional safety measure, located in all classrooms is a red panic alarm located near the classroom door. Activation of the panic alarm notifies Per Mar security to contact both the Medical Center Security Department and the Rock Island Police Department while emitting a campus-wide audible alarm with flashing lights.

Trinity identification badges must be worn at all times by employees and students while on campus and in facilities of Trinity Medical Center. The badge must be visible, non-defaced and worn above the waist. Each student is required to use his/her own badge to access the College. Students are not allowed to provide access to the building for anyone else. Visitors are not permitted on campus outside of regular business hours. UnityPoint Health - Trinity security and College personnel quarterly update badge access.

Security Considerations in the Maintenance of Facilities

Security also is a consideration in maintaining campus facilities. Maintenance personnel regularly check to ensure that locking mechanisms are properly functioning, that pathways are well lighted and that egress lighting is working in hallways. Exterior lighting for parking lots and buildings are monitored by the security officers that report deficiencies to UnityPoint Health - Trinity Facilities Services. Students are encouraged to report any lighting or security concerns to the Student Services staff as soon as they occur. Any suspicious activity or person seen in the parking lot or loitering around vehicles should be reported to the Trinity Medical Center Security on the Rock Island campus.

Located in the center of the Trinity College of Nursing & Health Sciences parking lot is a Blue Light Emergency Phone Station, this is a direct line to the Trinity Safety and Security department. This 9' tall tower acts as a crime deterrent and serves as an emergency communication system. This tower is wheelchair accessible and has a highly visible push button on its faceplate. A single touch of the push button summons campus officers to your specific location and triggers the bright blue police-type strobe light on top of the phone, which brightly lights the surrounding area.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The College seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. A description of those programs and their frequency of presentation follows:

- Trinity offers a crime prevention program, which has three major goals:
 - To inform students and employees about the prevention of crimes
 - To inform students and employees about the campus security procedures and practices
 - To encourage responsibility for security of self and others
- The new student orientation for spring and fall term includes a presentation by a UPH-Trinity Security Officer and the College Title IX Coordinator. The Officer covers the following information: the authority of the UPH-Trinity Security Officers, the authority and accessibility of the Rock Island Police Department, important names and phone numbers to report a crime, identification, and prevention of most common types of campus indoor and outdoor thefts, information on the various ways Security Officers assist students; individual student safety on and off campus, suspicious persons, level of officer service/assistance students can expect, and Security Department requirements with an Order of Protection.
- Information on bystander intervention is included at new student orientation each fall and spring term, bookmarks are included in every textbook order, in September a link to a YouTube video is sent, discussions at a fall meeting of the Student Government Association and at a spring meeting of Phi Theta Kappa are held. VAWA and campus violence prevention awareness materials are emailed during National Campus Safety Month in September.
- Students and staff are required to complete a Net Learning training on responding to campus acts of violence annually.
- Staff is required to complete a Net Learning Training on managing aggressive behavior annually.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the College will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

DRUG AND ALCOHOL POLICY

Trinity College of Nursing & Health Sciences enforces all applicable state and federal drug laws. It is the intent of the College to maintain a drug-free, healthy, safe, and secure educational environment. It is the policy of the College [found on page 102 of the 2016 - 17 College Catalog] to prohibit the purchase, possession, use or abuse, sale, distribution, or manufacture of any controlled substance on campus. Any student bringing nonprescribed or illegal drugs or alcoholic beverages to the campus, using these on the grounds, or dispensing, manufacturing or selling them on the premises may be subject to legal as well as disciplinary action up to and including immediate dismissal from the College. In Illinois, possession of alcohol by a minor under the age of 21 years is prohibited and the College enforces this prohibition.

Trinity College will provide a safe and healthy work environment. All employees must report to work without being subject to the influence of alcohol, illegal drugs, and prescription drugs used outside the scope of a prescription or other substances that may hinder job performance or judgment. The illegal use, sale, dispensing, distribution, possession, or manufacture of illegal drugs or other controlled substances by any employee is prohibited and could lead to termination. Trinity College reserves the right to remove anyone from the workplace if Trinity College has a question about the individual's ability to perform his or her job safely.

Trinity College complies with all of the requirements of the Drug-Free Workplace Act of 1989, P.L. 101-226. Any student who reports to class, clinical or any learning experience under the suspected influence of alcohol or an illegal drug(s) substance will be taken immediately for drug testing accompanied by a College official/designee. In this case, the College will assume the costs of the blood/urine tests. At the time of any incident of suspected abuse, the College has the right to request drug tests, with the cooperation of the student. If the drug tests results are positive, this forms grounds for Corrective Action from Trinity College. If the student refuses to cooperate with the College's request, the resulting action may include but is not limited to, withdrawal from Trinity College. At the time of any incident, the student may request immediate blood/urine tests to disprove allegations. If this is done, all costs of the blood/urine tests would be the student's responsibility.

Drug and Alcohol Abuse Prevention Program

A substance abuse prevention program is provided in an effort to educate students. All students receive both written and verbal content relating to substance abuse. Anyone who observes a student exhibiting problematic behavior indicating potential chemical dependency has the obligation to report it to the Dean of Nursing & Health Sciences. The Dean of Nursing & Health Sciences will then refer the individual to an appropriate agency for professional evaluation. The findings of the evaluation must be submitted to the College Chancellor. All information is handled in a confidential manner. Trinity College recognizes chemical dependency as an illness and a major health problem. The College also recognizes substance abuse as a potential health, safety, and security problem. Students are expected to perform College responsibilities in a condition appropriate to the level of quality and attention required. A substance abuse prevention program is provided in an effort educate students. This program is a part of Net Learning for students, faculty, and staff. A biennial review of the College's drug and alcohol abuse prevention program was conducted in April 2017. For more information about the biennial review, contact the Director of Student Services and External Relations. The College's drug and alcohol policies including detailed information on campus and community resources may be found in the 2016 – 17 College Catalog at <http://www.trinitycollegeqc.edu/catalog.aspx>.

POLICY, PROCEDURES, AND PROGRAMS

Related to Various Sex-Related Offenses, including Sexual Assault, and Domestic Violence, Dating Violence, and Stalking

Consistent with the requirements of Title IX of the Education Amendments of 1972, the Clery Act, and the Violence Against Women Act ("VAWA"), the College prohibits discrimination based on sex in its educational programs and activities, including sexual harassment, and acts of domestic violence, dating violence, sexual violence (including sexual assault) and stalking. The College also prohibits any retaliation, intimidation, threats, coercion or any other discrimination against any individuals exercising their rights or responsibilities pursuant to these laws and institutional policy. The College's Sexual Misconduct Policy is used to address complaints of this nature. This policy and the procedures for filing, investigating and resolving complaints about violations of this policy may be found at Sexual Misconduct Policy:

<https://www.trinitycollegeqc.edu/filesimages/Current%20Students/Policies/Undergraduate/SexualMisconductPolicy.pdf>.

The following discusses the College's educational programs to promote the awareness of domestic violence, dating violence, sexual assault and stalking; provides information concerning procedures students and employees should follow and the services available in the event they do become a victim of one of these offenses and advises students and employees of the disciplinary procedures that will be followed after an allegation that one of these offenses has occurred.

Primary Prevention and Awareness Program:

The College conducts a Primary Prevention and Awareness Program (PPAP) for all incoming students and new employees. In it, they are specifically advised that the College prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking. In that regard, they are informed of the following definitions that apply within the state of Illinois:

Consent (as it relates to sexual activity) (720 ILCS 5/11-1.70)	<p>a) ... "Consent" means a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent.</p> <p>...</p> <p>c) A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct.</p>

In addition to the definition of consent under Illinois law, the College also uses the definition of consent listed below in its Sexual Misconduct Policy for the purpose of determining whether sexual violence (including sexual assault) has occurred. This definition is borrowed from Illinois' definition, in part.

- "Consent" means a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. A person cannot consent to sexual activity if unable to understand the nature of the activity or give knowing consent. This includes circumstances where the person is incapacitated due to drugs, alcohol, asleep, or unconscious. The manner of dress of the victim at the time of the offense shall not constitute consent.

The PPAP includes instruction on how to avoid becoming a victim and the warning signs of abusive behavior, the recognition of which will help mitigate the likelihood of perpetration, victimization or bystander inaction. Specifically, they are advised:

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor "NO" clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating "rape drug" like Rohypnol or GHB.
- If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:
- Remember that you owe sexual respect to the other person.
- Don't make assumptions about the other person's consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider "mixed messages" a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.

- Don't take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don't be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include:

- Past abuse
- Threats of violence or abuse
- Breaking objects
- Using force during an argument
- Jealousy
- Controlling behavior
- Quick involvement
- Unrealistic expectations
- Isolation
- Blames others for problems
- Hypersensitivity
- Cruelty to animals or children
- "Playful" use of force during sex
- Jekyll-and-Hyde personality

PPAP instruction also includes encouraging individuals to take safe and positive steps to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault or stalking against another person. This includes reporting such incidents to appropriate authorities. Other steps that can be taken include:

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police or UPH- Trinity Security.

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Program:

The College also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault, and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the College. Methods include, but are not limited to: online presentations, distribution or written materials, periodic email blasts, and guest speakers. The College's PPAP and OPAC training is provided by the Director of Student Services and External Relations.

Past programming and currently planned programming includes the following:

- Training by the Title IX Coordinator during fall and spring orientations, presentations by UPH-Trinity Security Officers, bookmark inserts with every textbook order, in September a link to a YouTube video is sent, discussions are held at a fall meeting of the Student Government Association and at a spring meeting of Phi Theta Kappa, VAWA and campus violence prevention awareness materials are emailed to students.
- The College Title IX Coordinator provides training to ensure students, faculty, and staff likely to witness or receive reports of sexual misconduct are informed on: definitions of sexual misconduct, identification of sexual assault crimes, safety steps to follow when such an event occurs, how to file a complaint as a victim or observer, support for victims and observers, consequences of violations, and questions and answers.
- Students transferring required general education coursework to Trinity College for prerequisite course Psychology 219 Understanding Human Sexuality receive additional teaching/learning content.
- Trinity College requires Sexual Abuse Prevention Training Modules 1 & 2 via NetLearning to be completed prior to student attendance in the medical center. Students with outstanding requirements are withheld from clinical participation until they are complete. All coursework is documented in the student information system. These learning modules are required of all employees prior to their first day on the job. The Title IX Coordinator serves as the compliance officer in partnership with UPH-Trinity Learning Management Coordinator in Human Resources.

Procedures to Follow if You are a Victim of Sexual Assault, Domestic Violence, Dating Violence, or Stalking:

If you are a victim of a sexual assault, domestic violence, dating violence, or stalking, go to a safe place and call 911 or Director of Business Services at 309-779-7762. At the earliest opportunity, you should also contact the College's Title IX Coordinator Hilary Henke at 309-779-7720. Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported.
Contact the Title IX Coordinator or refer to the other resources listed in this report.
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order. To that end, keep in mind the following:
 - You should not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence.
 - Don't bathe or wash, or otherwise clean the environment in which the assault occurred.
 - You can obtain a forensic examination at UnityPoint Health-Trinity 2701 17th St. Rock Island, IL 61201 309-779-5000
 - Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.
 - Evidence in electronic formats should also be retained (e.g., text messages, emails, photos, social media posts, screenshots, etc.).
 - Victims of stalking should also preserve evidence of the crime to the extent possible.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
 - UnityPoint Health-Trinity Security Department. Dial "55" on College phones
 - Rock Island Police Department If an emergency dial "911" for non emergency issues the Rock Island Police Department can be reached at 309-732-2677 1212 5th Ave Rock Island, IL 61201

- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.
- In Illinois, there are three different kinds of protection and no contact orders available to victims: a Domestic Violence Order of Protection, a Sexual Assault Civil No Contact Order, and a Stalking No Contact Order. Information about these orders may be found on the Illinois Attorney General's website at: <http://illinoisattorneygeneral.gov/women/OrdersofProtectionPoster.pdf>.
 - A Domestic Violence Order of Protection is governed by the Illinois Domestic Violence Act and is appropriate for victims a restraining order against a person with whom the victim has a relationship. Illinois law also provides protection in the form of Sexual Assault Civil No Contact Order and Stalking No Contact Orders. A Sexual Assault Civil No Contact Order may be granted for any person who is a victim of nonconsensual sexual conduct. A Stalking No Contact Order provides protection for any victim of a course of conduct that causes the victim to fear for his or her safety or the safety of another person, or to suffer emotional distress. Stalking No Contact Orders provide relief when such relief is not available to the victim through the Illinois Domestic Violence Act or through a Sexual Assault Civil No Contact Order.
 - A protection order may be obtained by filing a petition with the court for an order of protection. To obtain an order of protection, victims may go to their local circuit court clerk's office and get papers to seek an order of protection. A victim should be prepared to present documentation (including a police report number if an arrest was made) and/or other forms of evidence when filing for an order of protection. The judge will then review the petition and enter a temporary order of protection if the judge determines there is enough evidence to support the order.
 - In this area, filing should occur in the General Division of the Circuit Clerk's office at the Rock Island Courthouse (3rd floor): 210 15th Street, Rock Island, IL 61201.
 - More information is available here: <http://www.rockislandcounty.org/OrdersOfProtection/FAQs/>
 - Courts may issue three types of orders of protection: emergency, interim, and plenary orders. Emergency orders may last for 14 to 21 days and interim orders up to 30. While these orders are temporary, plenary orders may be for longer lengths of time (up to 2 years). The judge can grant a variety of remedies and protections, which range from prohibiting further contact, protecting property and pets, ordering the offender to transfer to another school or other injunctive relief that is necessary to protect the victim. Violating a Domestic Violence Order of Protection, a Sexual Assault Civil No Contact Order, or a Stalking No Contact Order is a Class A misdemeanor. A second violation can be a felony.
 - The College will enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no-contact order should notify the College's Title IX Coordinator or Deputy Coordinator and provide a copy of the restraining order so that it may be kept on file and can be enforced on campus, if necessary. Upon learning of any orders, the College will take all reasonable and legal action to implement the order.
 - The College does not issue legal orders of protection. However, as a matter of institutional policy, the College may impose a no-contact order between individuals in appropriate circumstances. The College may also issue a "no trespass warning" if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. Those services include:

On-campus services that are available include:

- Trinity College Financial Aid at 309-779-7740 website: <http://www.trinitycollegeqc.edu/financial-aid.aspx>
- UnityPoint Health, Trinity at 309-779-5000 website: <https://www.unitypoint.org/quadcities/trinity-rock-island.aspx>
- Student Assistance Program (SAP) at 800-383-7900. website: <https://www.trinitycollegeqc.edu/counseling-service.aspx>

Off-campus resources that are available include:

- SafePath Survivor Resources at Family Resources, Inc. 24-Hour Hotline 309-797-1777 website: <http://www.famres.org/services/safepath-sheltering-and-housing-services>
- Mercer County Family Crisis Center 309-582-7233 website: <http://www.mcfcc.com/>

Accommodation and Protective Measures:

The College will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the College is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement. Requests of this nature should be made to the Director of Student Services and External Relations at 309-779-7720, and the Director of Student Services and External Relations is responsible for deciding what, if any, accommodations or protective measures will be implemented. When determining the reasonableness of such a request, the Director of Student Services and External Relations may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same residence hall, dining hall, class, transportation or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The College will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the College's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the Director of Student Services and External Relations in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the College will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution's Sexual Misconduct Policy and processed through the College Corrective Action process.

The complaint resolution procedures are invoked once a report is made to one of the following individuals:

Title IX Coordinator

Hilary Henke
Director Student Services and External Relations
309-779-7720
Office 106
hilary.henke@trinitycollegeqc.edu

Deputy Title IX Coordinator

Rose Brower
Director of Business Services
309-779-7762
Office 101
rosemary.brower@trinitycollegeqc.edu

An electronic form available at:

<http://www.trinitycollegeqc.edu/filesimages/Current%20Student%20Forms/Incident%20Report%20Form.pdf>

can also be used to file a report. Online reporting may be submitted anonymously.

Upon receipt of a complaint or notice of sexual misconduct, the Title IX Coordinator/Deputy Coordinator will initially assess the report for basic facts, complainant's wishes, immediate safety concerns, and patterns of behavior. The Title IX Coordinator will then decide to proceed or not with an investigation. The Title IX Coordinator, and in their absence the Deputy Coordinator, will oversee the investigation and assign two investigators who are free from conflict of interest.

The final disposition of sexual misconduct investigations will be made as follows:

- Reports against students will be decided by the Title IX Coordinator/Deputy Coordinator.
- Reports against faculty will be decided by the Dean of Nursing and Health Sciences. The guidelines as outlined in the Faculty Handbook will guide the investigation.
- Reports against staff will be decided by the Title IX Coordinator.
- Reports against a dean or director will be decided by the Chancellor.
- Reports against the Chancellor will be decided by the Chairperson of the Trinity College Governing Board.

The Complainant and the Respondent will be informed in writing of the outcome of the investigation. Both the Complainant and the Respondent will be provided information regarding the Appeal process, within seven (7) days of a decision. If a violation is found, the Complainant will also be advised of disciplinary action imposed upon the Respondent.

Both parties have an equal opportunity to appeal the determination by filing an appeal. Appeal procedures are as follows:

- Appeals of Reports against students: In the event that the Complainant or Respondent does not accept the decision of the investigation, the student or involved party may appeal in writing within 10 days of receiving the written findings. The Chancellor of the College will review the Report investigation, decision, and disciplinary action. The Chancellor will conduct an investigation and prepare a written statement within 14 days of receiving the student's or involved party's written appeal. The decision made by the Chancellor will be final.

- Appeals of Reports against faculty: The Complainant or Respondent may appeal in writing a decision, including corrective action, of the Dean to the Chancellor of the College within 10 business days. The Chancellor will review the report investigation, decision, and disciplinary action/sanction. The Chancellor will prepare a written statement within 14 days of receiving the student's or involved party's written appeal. The decision made by the Chancellor will be final.
- Appeals of Reports against staff: The Complainant or Respondent may appeal in writing a decision, including corrective action, of the Title IX Coordinator to the Chancellor within 10 business days. The Chancellor will review the report investigation, decision, and disciplinary action. The Chancellor will prepare a written statement within 14 days of receiving the student's or involved party's written appeal. The decision made by the Chancellor will be final.
- Appeals of Reports against a dean or director: The Complainant or Respondent may appeal in writing a decision, including the corrective action of the Chancellor within 10 business days. The Chancellor will designate the Trinity College Board Chair to recommend a decision on reconsideration. The Board Chair will review the report investigation, decision, and disciplinary action. The Board Chair will prepare a written statement within 14 days of receiving the written appeal. The decision made by the Board Chair will be final.

Appeals of a Report against the Chancellor: the Complainant or Respondent may appeal in writing a decision, including corrective action, to the Trinity College Board Chair within 10 business days. The Board Chair will designate an individual or individuals external to the Board to recommend a decision on reconsideration. The Board Chair's designee will review the report investigation, decision, and disciplinary action/sanction. The Chair's designee will prepare a written statement within 14 days of receiving the written appeal. The decision made by the Board Chair's designee will be final.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a matter that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to domestic violence, dating violence, sexual assault and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
 - College employees and designated individuals involved in the receipt of a report of sexual misconduct will receive annual survivor-centered and trauma-informed training. The Campus Violence Prevention Committee shall serve to work toward improving safety on campus, meeting twice annually.

Individuals making decisions/outcomes of reports will receive 8 to 10 hours of additional annual training including training on how to resolve complaints. Investigators will be required to complete the NetLearning Modules Sexual Misconduct Prevention Training Part 1 and Part 2. Such training also addresses topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The College will ensure that partners in providing confidential advising complete 40-hours of sexual violence training before their appointment and complete 6 hours of ongoing education annually.

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.

4. Have the outcome determined using a preponderance-of-the-evidence standard based on the totality of the evidence presented.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that College May Impose for Domestic Violence, Dating Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the College’s disciplinary proceeding of an act of sexual assault, domestic violence, dating violence, or stalking, the College may impose sanctions and order protective measures be taken.

The following is a list of sanctions that may be imposed on the accused:

- Verbal and written notification of warning
- Written corrective plan of action with assessment of improvement
- Withdrawal from course(s)
- Program withdrawal
- Withdrawal from the College
- Temporary Suspension from the College
- Suspension of employment
- Termination

An employee may be suspended for any length of time determined appropriate by the Director of Human Resources. Following a suspension, the individual will be required to meet with the Dean of Students (student) or Director of Human Resources (employee) to discuss re-entry and expectations going forward. After the investigation is completed, the appropriate parties will be notified of the outcome of the investigation. The College will take disciplinary action against the harasser when appropriate, up to and including termination of employment or withdrawal from the College.

In addition, the College can make available to the victim a range of protective measures. They include:

- Adjustment of class schedules
- Impose restrictions on contact
- Revoke permission to campus and resources

Publicly Available Recordkeeping:

The College will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of domestic violence, dating violence, sexual assault, and stalking who make reports of such to the College to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the College that he or she has been a victim of domestic violence, dating violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the College of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting Hilary Henke, Director of Student Services and External Relations at 309-779-7720. State registry of sex offender information may be accessed at the following link: <http://www.isp.state.il.us/sor/>

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Trinity College has procedures to address a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. Emergency events include such things as fires, tornados, earthquakes, contagious illnesses, bomb threats, and armed intruders. The College has communicated with local police requesting their cooperation in informing the College about situations reported to them that may warrant an emergency response.

Students, staff, and visitors are encouraged to notify the Director of Student Services and External Relations at 309-779-7720 of any situation that poses such a threat. If the report of the threat is not from an official source (e.g., law enforcement, health agency, weather station), the Chancellor will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger, will be responsible for initiating the College's response, and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other College departments may be involved in the confirmation process.

Once the emergency is confirmed, the College community, or appropriate segments of it, will be notified. The Chancellor, in collaboration with other appropriate personnel, will determine who should be notified and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate, the emergency. Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location, reference to the College website for current information and an all-clear.

The Chancellor will direct the issuance of emergency notifications, which will be accomplished using one or more of the following means, depending on the nature of the threat and the segment of the campus community being threatened:

Method	Sign-Up Instructions
College Website	N/A
Blackboard Emergency Alert System-Text	Students are automatically signed up when they are enrolled.
UPH-Trinity Alert	N/A

In the event of an emergency, UnityPoint Health - Trinity along with Trinity College's emergency operations plan would be activated including an Incident Command Center in the Rock Island Campus Board Room. All internal and external communication regarding the emergency would be disseminated from the Command Center via the Public Information Officer, an established position within the ICC.

Timely communication to the larger community regarding significant College emergencies is disseminated by the Trinity Regional Health System Public Relations Manager via the Marketing & Communications Office.

Trinity College tests its emergency response and evacuation procedures once a year. Also, at various times the Campus Safety Officer and appropriate UPH-Trinity Security Officers meet to test and evaluate the College's emergency response plan.

The Campus Safety Officer maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the College will distribute to its students and employees information to remind them of the College's emergency response and evacuation procedures.
