

## ATI Complete Non-Graduate Form

### Nursing Program Progression Policy

Students who do not pass the ATI Comprehensive Predictor will complete the nursing program as a non-graduate until they have been “released” by their virtual ATI coach to take the NCLEX-RN (see the Standardized Assessment Test Requirement Policy). If the virtual ATI coach has not released the student by the end of the term following the date of their last nursing course, the student will be charged a general service fee of \$60.00 per semester, until released to take the NCLEX-RN. See example:

### EXAMPLE

*If the student completes their course requirements at the end of the term and the ATI requirements are not met, the student will continue to work with the Virtual ATI coach during the proceeding term free of charge. If the Virtual ATI work continues, a \$60.00 per semester fee will be assessed beginning with the second term and each term thereafter until the Virtual ATI requirements are fulfilled.*

### IDENTIFICATION

First Name \_\_\_\_\_

Middle Name \_\_\_\_\_
