

Textbook Charge Expense Form

Trinity College of Nursing & Health Sciences provides our students with the ability to charge the textbooks required for their currently registered courses to their student accounts. This will allow students to use Financial Aid funds to cover this additional educational expense. Charges incurred through the textbook purchase are the responsibility of the student, and will increase the amount owed to the school. The cost of ALL textbook purchases is NON-REFUNDABLE.

Please fill out the form completely and accurately and submit to the Bursar by _____. Once the deadline has passed you will be unable to charge textbooks to your college account and will be unable to order books through the College.

If you have any questions, please contact the Bursar, 309-779-7733 for assistance.
