Graduation Rates			
BSN Program			
Year	Percent Completion	Number of Graduates vs Admitted	Number not included due to family, financial, medical, or personal issues
2024	78.9%	15/19	0
2023	80%	56/70	3
2022	85.7%	42/49	2
3-year average	81.9%	113/138	5

Calculate by starting with number of students who enroll in their first nursing course who have fully matriculated into the BSN program (and not drop/withdraw from course during the 1st two weeks of their first course) during one academic year. Subtract the number of students who are not included due to family, financial, medical, personal issues, or those who transferred to another program. This constitutes the denominator of the fraction. Count the number of graduates who completed in 150% timeframe (of those who started in this cohort). This is the numerator of the graduation rate fraction.

BSN-A			
Year	Percent Completion	Number of Graduates vs Admitted	Number not included due to family, financial, medical, or personal issues
2024	100%	6/6	0
2023	94.1%	16/17	0
2022	100%	10/10	0
3-year average	96.9%	32/33	0

Calculate by starting with number of students who enroll in their first nursing course who have fully matriculated into the BSN-A program track (and not drop/withdraw from course during the 1st two weeks of their first course) during one academic year. Subtract the number of students who are not included due to family, financial, medical, personal issues, or those who transferred to the BSN-B program track. This constitutes the denominator of the fraction. Count the number of graduates who completed in six semesters (of those who started in this cohort). This is the numerator of the graduation rate fraction.

BSN-B			
Year	Percent Completion	Number of Graduates vs Admitted	Number not included due to family, financial, medical, or personal issues
2024	80%	8/10	0
2023	76.5%	39/51	3
2022	81.6%	31/38	1
3-year average	78.7%	78/99	4

Calculate by starting with number of students who enroll in their first nursing course who have fully matriculated into the BSN-B program track and transferred in from the BSN-A program track (and not drop/withdraw from course during the 1st two weeks of their first course) during one academic year. Subtract the number of students who are not included due to family, financial, medical, or personal issues. This constitutes the denominator of the fraction. Count the number of graduates who completed in nine semesters (of those who started in this cohort or transferred into the cohort). This is the numerator of the graduation rate fraction.

BSN-C			
Year	Percent Completion	Number of Graduates vs Admitted	Number not included due to family, financial, medical, or personal issues
2024	33.3%	1/3	0
2023	50%	1/2	0
2022	100%	1/1	1
3-year average	50%	3/6	1

Calculate by starting with number of students who enroll in their first nursing course who have fully matriculated into the BSN-C program track (and not drop/withdraw from course during the 1st two weeks of their first course) during one academic year. Subtract the number of students who are not included due to family, financial, medical, or personal issues. This constitutes the denominator of the fraction. Count the number of graduates who completed in six semesters, not including summers (of those who started in this cohort). This is the numerator of the graduation rate fraction.
