PURPOSE

Trinity College of Nursing & Health Sciences conducts its educational operations in a manner that coincides with its mission, vision, and values. Minors may be on campus for brief periods of time visiting or participating in College-sponsored activities. At no time while on campus should a minor be unsupervised. Minors should be under the supervision of a faculty member, staff member, or in the care of their parent or adult guardian. For currently enrolled minor students, the supervising College representative is either the faculty member or the clinical supervisor. In addition to this policy, the visits of minors are subject to the same conditions as any other visitors to the College. Any College employee who suspects that a minor who is on College property or is participating in College activity at another location, is/ has been the victim of child abuse or neglect shall immediately report the suspected child abuse or neglect to the Department of Children and Family Services (DCFS) toll-free, 24-hour Child Abuse Hotline at 1-800-25-ABUSE (22873). The changes became effective June 27, 2012 when the State of Illinois Public Act 97-0711 amended the Abused and Neglected Child Reporting Act (ANCRA) to mandate that all personnel of higher education institutions report cases of suspected child abuse or neglect to the Department of Children and Family Services (DCFS).
